1 Purpose

This document provides guidance to all employees on sending and receiving wire transfers at the Credit Union.

For any subject matter inquiries related to this document email the [AML Compliance Department](#)

2 Overview

At the Credit Union, an Electronic Funds Transfer (*EFT*) is referred to as a wire transfer and is subject to EFT transaction regulations.

Wire Transfer	A wire transfer is an electronic transfer of funds across a network administered by hundreds of banks around the world. Wire transfers allow for individualized transfer of funds from single individuals or entities to other individuals or entities, while still maintaining efficiencies of fast and secure movement of funds.
----------------------	--

2.1 Reporting Requirements

In accordance with the *Proceeds of Crime Money Laundering Terrorist Finance Act, (PCMLTFA)* and its corresponding Regulations, the Credit Union is required to keep record of and report:

- Any single or multiple Incoming or Outgoing International wire transfers equivalent to or greater than \$10,000 Canadian Dollars (*CAD*) transacted with the Credit Union within a static 24-hour period; and
- That were requested by the same person or entity, were requested on behalf of the same person or entity (*third party*), or are for the same beneficiary (*person or entity*)

The static 24-hour period for the Credit Union is fixed within a single business day and runs from 12:00am to 11:59pm.

2.2 Unusual Activity

If unusual activity is identified for any completed or attempted incoming or outgoing wire transfer transaction, employees must complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).

2.3 Administrative Responsibilities

AML Compliance Department	Responsible for filing the required prescribed EFT report to FINTRAC within 5 business days.
----------------------------------	--

Central Operations - Branch Administration Team

(Note: will be referred to as Branch Administration Team throughout this document)

Responsible for wire transfer processing (e.g., *sending, receiving, rejecting, returning, etc.*) and is centralized within this team.

3 Wires System

Wire System

Note: Branch and Member Connect employees do **not** have access to the Wire system.

The Wires system is a web-based program that allows authorized users to create, receive, and view wire transfers:

- It is accessed via Central 1 Client Centre using the *PaymentStream Direct* application.

4 Authorities and Limits

Standard Limits and Authorities

The Compliance Department sets all wire transfer authorized limits and authorities:

- Limits are inclusive of all fees associated with the wire
- Branch Administration Team processes all member wire requests including portfolio'd business member requests.
- Any requests for authority exceptions are to be sent to compliance@beemcreditunion.ca

Exceptions

The Compliance Department may grant based on operational needs:

- Any requests for limits and authorities outside of the standard for a role, and/or
- 'View Only' privileges to any employee

4.1 Wire Transfer Limits

4.1.1 Central Operations and Commercial Limits

Important: The limits are based on CAD dollars. Wires convert the amount of a US or foreign wire transfer to Canadian dollars to determine if it is over the authorization limit.

The following are the standardized daily aggregate limits for Branch Administration Team and Commercial Administration.

Position	Authorized Limits (Limits in CAD)
Branch Administration Team	\$3,000,000
Commercial Administration	\$3,000,000

4.1.2 Finance and Compliance

The following are standardized daily aggregate limits for outgoing wires transfers by position:

- Designated Finance employees may authorize outgoing wire transfers up to and including the below approval limits.
- Designated Compliance employees have view only access.
- Only Treasury Analysts and Senior Accountants may create wire transfers at any amount.

Position	Create Limit	Authorized Limit (Limits in CAD)
Treasury Analyst (<i>probationary period</i>)	Unlimited	\$100,000
Treasury Analyst	Unlimited	\$500,000
Accounting Specialist	Unlimited	\$500,000
Senior Accountant (<i>probationary period</i>)	Unlimited	\$100,000
Senior Accountant	Unlimited	\$500,000
Manager Treasury	None	\$5,000,000
Manager Financial Planning & Analysis	None	\$5,000,000
Manager Accounting	None	\$5,000,000
AVP Treasury	None	\$10,000,000
AVP Controller	None	\$10,000,000
Fraud Management Specialist	None	None

Position	Create Limit	Authorized Limit (Limits in CAD)
AML Specialist	None	None
Compliance Administrator	None	None
Manager, Compliance	None	None
Manager, Fraud Prevention	None	None
VP, Compliance	None	None

4.1.3 People & Culture

The following are standardized daily aggregate limits for outgoing wires transfers by position:

- Designated People & Culture employees may create wire transfers at any amount and authorize outgoing wire transfers up to the below approval limits.
- Only Payroll Specialists and People & Culture Coordinators may create wire transfers at any amount.

Position	Authorized Limits (Limits in CAD)
Payroll Specialist (<i>probationary period</i>)	\$100,000
Payroll Specialist	\$1,500,000
Payroll Comp & Rep Analyst	\$1,500,000
People & Culture Coordinator (<i>probationary period</i>)	\$100,000
People & Culture Coordinator	\$450,000
Manager, Payroll	\$2,000,000
AVP Total Rewards	\$2,500,000

4.2 Authorization Process

4.2.1 Central Operations

Branch Administration Team sends and receives all wire transfers for branches.

During daily operations, Authorized Users receive and create wire transfers:

- Transfers over a specific limit require authorization by one or possibly two other Users
- For security reasons, Wires Administrators are prohibited from creating, authorizing and deleting wire transfers but are responsible for maintaining users and branch data.
- Wire transfers are extracted by Central 1 and forwarded to the appropriate institution prior to the deadlines on business days.

Member Initiated Wire Transfer Authorities

Amount (<i>In CAD</i>)	Creator	Authorizer #1	Authorizer #2
Up to \$100,000	per wire transfer limit	per wire transfer limit	N/A
\$100,000.01 and greater	per wire transfer limit	per wire transfer limit	per wire transfer limit

4.2.2 Treasury and Commercial Administration – Operational Wire Transfers

Treasury and Commercial Administration initiated wire transfers related to treasury activities or syndicated loan operations are exempt from being processed through the Branch Administration Team.

All wire transfers processed by Treasury and Commercial Administration employees require a minimum of 1 creator and 1 authorizer:

- The authorizer is required to operate within their daily aggregate limits
- Wire transfers above \$500,000 require 2 authorizers.

Treasury and Commercial Administration Initiated Wire Transfer Authorities

Amount (<i>In CAD</i>)	Creator	Authorizer #1	Authorizer #2
Up to \$500,000	per wire transfer limit	per wire transfer limit	N/A
Over \$500,001	per wire transfer limit	per wire transfer limit	per wire transfer limit

4.2.3 People & Culture – Payroll Remittance Wire Transfers

People and Culture initiated wire transfers related to regulatory deductions associated to payroll processing are exempt from being processed through the Branch Administration Team.

All wire transfers processed by People and Culture employees require a minimum 1 creator and 1 authorizer:

- The authorizer is required to operate within their daily aggregate limits
- Wire transfers above \$500,000 require 2 authorizers

People & Culture Initiated Wire Transfer Authorities

Amount (<i>In CAD</i>)	Creator	Authorizer #1	Authorizer #2
Up to \$500,000	per wire transfer limit	per wire transfer limit	N/A
Over \$500,001	per wire transfer limit	per wire transfer limit	per wire transfer limit

4.3 Limit Increase Requests

Support Central manages the user authorization limits for the wires system. Branch Administration to refer to Internal Procedure for limit increase request process.

All temporary limit requests will be reduced at the end of the business day.

Limit Request	Additional Information
\$3 million and over:	- Employee emails their relevant manager to request a temporary increase and obtain approval: Approvers for Branch Administration Team: - Central Operations - Branch Administration Manager - Central Operations - Branch Administration Team Lead - Operational Excellence Sr. Manager Approvers for Commercial Administration: - Manager, Commercial Administration - Senior Manager, Commercial Administration - Director of Commercial Operations and Partnerships - VP, Commercial Banking - Once approval is received, employee will submit a Support Central service request to request a temporary increase - Approval email must be attached to the service request - Support Central employees are not to accept limit increase requests without management approval Note: Central Operations - Branch Administration Management and Commercial Administration Management may also submit a Support Central service request on behalf of their employees as their oversight and approval for the temporary increase.
Over \$5 million	Requires approval from a member of the MTS Limits Approval Group: AVP, Enterprise Risk

Limit Request	Additional Information
	• VP, Compliance • AVP, Treasury • AVP, Controller
Over \$15 million	Requires appropriate executive approval. To fulfill operational needs and member service requests, temporary one-time use limit increases may be granted by: • Chief Risk Officer for limits up to \$50,000,000. • any two Executives for limits over \$50,000,000

5 Regulatory Compliance – Incoming Wires

5.1 FINTRAC

Wire transfers are key touchpoints and trigger a requirement to ensure accurate FINTRAC reporting:

- The AML Compliance Department regularly submits EFT reporting to FINTRAC
- Branch Administration Team is to reconcile a Member's person or organization record in the Banking System with the information provided in connection to the incoming wire (*e.g., address, phone number, occupation, principal nature of business, etc.*).
 - Any missing or mismatched required fields to existing Member information will be assigned to the Branch Team or Commercial Administration using CRM Service Request – **In-Progress Wire Inquiry - COD initiated** and needs to be reconciled or collected within **2 business days**. Refer to [Wire Transfer Job-Aid](#) for processing instructions
 - If a Member refuses to provide any of the required information, the wire transfer cannot be processed and will be returned by the Branch Administration Team.
 - Branch Team or Commercial Administration to complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).
- Due to FINTRAC regulatory deadlines, if required information is not obtained and updated in the Banking System within **2 business days**, the wire transfer will not be processed and will be returned by the Branch Administration Team.

5.2 Address Considerations

If an address is outside of the standard format, use the relevant formats as outlined below.

5.2.1 No Civic Address

If a person or entity's address is in an area with no civic address:

- Member is required to provide a description of the physical location of their primary residence.

E.g., If a person lives in the third house to the right after the community center in Tinytown, Saskatchewan, Canada X1Y 2Z2, complete the address fields as follows:

- Third house to the right after the community center, Tinytown, SK, Canada X1Y 2Z2

5.2.2 Persons Who Are Transient or Have No Fixed Address

For persons who are transient (*e.g., travelling in a recreational vehicle or temporarily working in a camp*) and have no fixed address:

The Member is required to provide the following information:	
Canadian residents	Their permanent Canadian address, even if that is not where they are currently residing.
Foreign Members travelling in Canada temporarily	Their foreign residential address.
Foreign Members living in Canada for a longer period of time (<i>such as a student</i>)	The Member's temporary Canadian address.

5.3 Non-Member

The Credit Union does not process incoming wires for non-members.

The AML Compliance Department, if the situation is warranted, may approve an exception.

For approved exceptions, the AML Compliance Department will provide direction to the Branch Administration Team on how to locate and accept the wire transfer. Branch Administration Team to refer to Internal Procedures on how to escalate and process wires Payable On ID.

5.4 Source of Funds

Source of funds for the payment received is required to be determined and [reasonable measures](#) are to be taken to obtain this information.

Branch Administration Team is responsible for reviewing the payment details in the Wires system to determine whether source of funds information has been provided.

- If source of funds cannot be determined, Branch Administration Team to escalate to Branch Team or Commercial Administration Team using CRM Service Request – **In-Progress Wire Inquiry - COD initiated**.

Branch Team and Commercial Administration Teams are responsible for performing and documenting the [reasonable measures](#), refer to [Wire Transfer Job-Aid](#) for processing instructions. If a Member refuses to provide any of the required information:

- Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#)

For wires greater than \$100,000 CAD, or wires with additional red flags or high-risk indicators (e.g., originating from a high-risk country/sanctioned country, Money Service Business, etc.)

Reasonable measures must be taken by the Branch to collect source of fund information.

Source of funds information must be recorded in the Wires System and/or CRM

5.5 Third-Party

Wires need to be reviewed to determine if a Third-Party is involved in the sending or receiving of the wire transfer. [Reasonable measures](#) are to be taken to determine and obtain Third-Party information as outlined in the Credit Union's [Third-Party Guidelines](#).

Branch Administration Team is responsible for reviewing the payment details in the Wires system to determine whether a Third-Party may be involved with the wire and if the required Third-Party information has been provided.

- If Third-Party is identified or suspected, or required Third-Party information is missing, Branch Administration Team to escalate to Branch Team or Commercial Administration Team using CRM Service Request – **In-Progress Wire Inquiry - COD initiated**,

Branch Team and Commercial Administration Teams are responsible for obtaining the necessary forms and updating the Banking System as per the Credit Union's [Third-Party Guidelines](#), refer to [Wire Transfer Job-Aid](#) for processing instructions. If a Member refuses to provide any of the required information or it is suspected that a Third-Party is involved and the Member states there is not one:

- Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).

For incoming wires where a Third-Party is identified

[Reasonable measures](#) must be taken to have a completed Third-Party Statement, including all required information about the Third-Party.

Third-Party information obtained must be recorded in the Wires System and/or CRM

For incoming wires greater than \$100,000 CAD, or wires with additional red flags or high-risk indicators (e.g., originating from a high-risk country/sanctioned country, Money Service Business, etc.)

[Reasonable measures](#) must be taken by the Branch to confirm whether there is a Third-Party involved.

Third-Party information obtained must be recorded in the Wires System and/or CRM

5.6 Politically Exposed Person (PEP) Declaration

For any incoming wire transfer of \$100,000 CAD equivalent or more, a PEP Declaration must be obtained on the beneficiary of the wire. As per the Credit Union's [Politically Exposed Person and Head of International Organization Determination Guidelines](#) a declaration is to be obtained on an individual, and in cases where the wire beneficiary is an entity, the declaration is to be obtained on the beneficial owner(s) of the entity.

- Branch Administration Team is responsible for escalating to the Branch Team or Commercial Administration Team using CRM Service Request – **In-Progress Wire Inquiry - COD initiated**, to have a PEP Declaration obtained.
- Branch Team and Commercial Administration Teams are responsible for obtaining the necessary forms and updating the Banking System as per the Credit Union's [Politically Exposed Person and Head of International Organization Determination Guidelines](#), refer to [Wire Transfer Job-Aid](#) for processing instructions. If a Member refuses to provide a PEP Declaration:
 - Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).

Important: If the beneficiary, or an entity's beneficial owner, is determined to be a PEP, approval by one of the following must be obtained by email before the wire is accepted.

- Director of Growth
- CAMLO
- CAMLO designate

5.7 Tax Residency

If a Member (*Individual or Organization*) receives a wire from themselves originating outside of Canada additional steps must be taken to confirm the Member's tax residency, as outlined in the Credit Union's [Foreign Tax \(FATCA and CRS\) Guidelines](#).

Branch Administration Team is responsible for reviewing the Banking System and ECM to confirm a Declaration of Tax Residence form is completed and the Member's tax residency information is documented in the Banking System.

- If forms are missing or information is not updated in the Banking System, Branch Administration Team to escalate to Branch Team or Commercial Administration Team using CRM Service Request – **In-Progress Wire Inquiry - COD initiated**.

Branch Team and Commercial Administration Teams are responsible for obtaining the necessary forms and updating the Banking System, refer to [Wire Transfer Job-Aid](#) for processing instructions. If a Member refuses to provide a Declaration of Tax Residency:

- Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).

5.8 High-Risk & Prohibited Wires

Wire transfers must be reviewed to determine whether they are being received from a high-risk or prohibited country, person or entity before processing the wire.

- See the [High-Risk & Restricted Wires](#) section for information on Enhanced Due Diligence (EDD) measures that will be required before processing incoming wires.
 - All high-risk wires will require additional approval from either Growth Director, CAMLO, or CAMLO Designate.
- See the [Prohibited Wires](#) section for information on wire transfers that the Credit Union will not accept.

Branch Administration Team is responsible for reviewing the wire transfer to determine if EDD measures must be taken based on high risk or prohibitions.

- If wire is determined to be high-risk, Branch Administration Team to escalate to Branch Team or Commercial Administration Team using CRM Service Request – **In-Progress Wire Inquiry - COD initiated.**

Branch Team and Commercial Administration Teams are responsible for performing the necessary [enhanced due diligence](#) measures to obtain the required information. If the required EDD information is not obtained within **two (2) business days**, the wire transfer will not be processed and will be returned by the Branch Administration Team. Refer to [Wire Transfer Job-Aid](#) for processing instructions. If a Member refuses to provide any of the required information:

- Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).

6 Incoming Wires Requirements

6.1 Incoming Wire Transfer Routing Instructions

Members should be provided with the relevant *Routing Instruction* form to ensure the sender uses the correct routing information when sending the wire to the Credit Union. Incorrect routing information can cause delays in the Credit Union and Member receiving the funds or can result in the wire being returned. If the incorrect routing information is used, the wire may be delayed or returned.

All current and available Routing Instructions are available in DocPrint or in the [Wire Transfer Job-Aid](#).

6.1.1 IBAN Information

Canadian financial institutions do not have an IBAN or Sort Code assigned to them. If a Member requests the Credit Union's IBAN information, employees can provide the relevant Routing Instructions based on the currency being sent.

6.2 Beneficiary Information

Branch Administration Team is responsible for confirming the following required fields within the wire match to the Member's **Person | Organization** record in the Banking System:

For Persons	For Entities
• Legal name • Account number • Address (<i>cannot be a PO Box</i>) • Phone Number • Email Address (<i>if applicable</i>) • Date of birth • Specific Occupation ○ Generic occupations such as self-employed or business owner are not acceptable. • Employer Name • Country of Residence ○ Resident Tax Country field in the Banking System • Identification information ○ Type, number, expiry date and place of issuance of valid ID	• Legal name • Account number • Address (<i>cannot be a PO Box</i>) • Phone Number • Email Address (<i>if applicable</i>) • Country of Residence ○ Resident Tax Country field in the Banking System • Nature of business • Identification information ○ First and last name of individuals authorized to bind the entity • Incorporation/registration number and place of issuance

If any information is missing or does not match the existing Member information on file, Branch Administration Team to escalate to Branch Team or Commercial Administration Team using CRM Service Request – **In-Progress Wire Inquiry - COD initiated**.

- Branch Team or Commercial Administration Teams are responsible for obtaining the necessary information and updating the Banking System within **two (2) business days**. Refer to [Wire Transfer Job-Aid](#) for processing instructions
 - If a Member refuses to provide any of the required information, the wire transfer cannot be processed and will be returned by the Branch Administration Team.

- Branch Team or Commercial Administration to complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).
- Due to FINTRAC regulatory deadlines, if required information is not obtained and updated in the Banking System within **two (2) business days**, the wire transfer will not be processed and will be returned by the Branch Administration Team.

6.3 Sender Information

Branch Administration Team is responsible for reviewing the wire and confirming the required fields are completed for the wire sender:

- Legal Name
- Account number
- Phone number
- Address (*cannot be a PO Box*)

[Reasonable measures](#) are required to be taken to obtain the following information for the sender of the wire transfer and record in the **Wire Sender Personal Information** section of the wire:

For Persons	For Entities
• Email Address • Date of birth • Specific Occupation ○ Generic occupations such as self-employed or business owner are not acceptable. • Employer Name • Identification information ○ Including: type, number, expiry date and place of issuance of valid ID	• Email Address • Nature of business • Identification information ○ Including incorporation/registration number and place of issuance • First and last name of individuals authorized to bind the entity

If any information is missing, Branch Administration Team to escalate to Branch Team or Commercial Administration Team using CRM Service Request – **In-Progress Wire Inquiry - COD initiated**.

- Branch Team or Commercial Administration Teams are responsible for obtaining the necessary information. Refer to [Wire Transfer Job-Aid](#) for processing instructions

6.4 Reasonable Measures

Reasonable measures taken in connection with an incoming wire transfer can include:

- Contact the member to collect the information;
- Review the payment and known Member information;
- Conduct open-source searches; and
- Document attempts appropriately.

Important: To meet the Credit Union's Reasonable Measure record keeping requirement, all attempts (*successful or not*) and information obtained must be documented. Reasonable Measure attempts are to be recorded in the CRM.

For wires less than \$100,000 CAD, and without any other red flags (e.g., originating from a high-risk country/sanctioned country)	Branch Administration Team reviews the wire and the Member information on file and decides if further measures are needed. The Member is not contacted unless the review identifies an additional red flag.
For wires greater than \$100,000 CAD, or wires with additional red flags (e.g., originating from a high-risk country/sanctioned country)	Reasonable measures are taken to collect additional information fields for sender – including confirming whether there is a Third-Party sender.

- The Branch Administration Team is responsible for reviewing the wire transfer and determining whether reasonable measures are necessary based on these Guidelines.
 - If it is determined that reasonable measures are required, Branch Administration Team to escalate to Branch Team or Commercial Administration Team using CRM Service Request – **In-Progress Wire Inquiry - COD initiated.**
- Branch Team or Commercial Administration Teams are responsible for conducting the necessary reasonable measures, recording all attempts and collected information, and updating the Banking System and CRM Service Request accordingly. Refer to [Wire Transfer Job-Aid](#) for processing instructions.
- The AML Compliance Department is responsible for conducting any additional open-source searches to supplement or support the Branch Team or Commercial Administration Teams.

If a Member refuses to provide any of the required information:

- Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).

7 Regulatory Compliance – Outgoing Wire

All regulatory compliance information and updates to Member information in the Banking System must be completed by the employee initiating the outgoing wire transfer request before the request can be processed by the Branch Administration Team. A wire transfer cannot be processed if the Member is unable to provide the required regulatory information, see [Missing Required Regulatory Information](#) for more details.

7.1 FINTRAC

Wire transfers are key touchpoints and trigger a requirement to ensure accurate FINTRAC reporting:

- The AML Compliance Department regularly submits EFT reporting to FINTRAC
- Prior to a wire transfer being sent, employees are required to:
 - Verify and update person or organization record of the Member requesting the outgoing wire transfer in the Banking System (*e.g., address, phone number, occupation, principal nature of business, etc.*). Refer to [Triggering Events Guidelines](#)

If a Member refuses to provide any of the required information:

- Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).

7.2 Address Considerations

If an address is outside of the standard format, use the relevant formats as outlined below.

7.2.1 No Civic Address

If a person or entity's address is in an area where there is no civic address:

- Member is required to provide a description of the physical location of their primary residence.

E.g., If a person lives in the third house to the right after the community center in Tinytown, Saskatchewan, Canada X1Y 2Z2, complete the address fields as follows:

- Third house to the right after the community center, Tinytown, SK, Canada X1Y 2Z2

7.2.2 Members Who Are Transient or Have No Fixed Address

For Members who are transient (*e.g., travelling in a recreational vehicle or temporarily working in a camp*) and have no fixed address:

The Member is required to provide the following information:

Canadian residents	Their permanent Canadian address, even if that is not where they are currently residing.
Foreign Members travelling in Canada temporarily	Their foreign residential address.
Foreign Members living in Canada for a longer period of time (<i>such as a student</i>)	The Member's temporary Canadian address.

7.3 Non-Member

The Credit Union does not process outgoing wires for non-members; **no exceptions** to this are permitted.

7.4 Tax Residency

If a Member (*individual or organization*) sends a wire to themselves to an account outside of Canada, employees need to complete the relevant Declaration of Tax Residence forms and update the Member's tax residency information accordingly in the Banking System in accordance with the [Foreign Tax Residency Guidelines](#).

7.5 Update ID in the Banking System

Employees are required to verify and update any expired or missing ID in the Banking System for the sender of a wire transfer.

7.6 Documentation

All outgoing wire transfer requests require a completed and signed *Outgoing Wire Transfer Request* form, and any other relevant supporting documentation (*e.g., PEP, Third Party, Tax Residency, etc.*), to be uploaded to the ECM.

E-signature is required for all approved remote wire transfer requests, refer to [Remote Signing Procedures](#) and see the [Remote Instruction Wire Requests](#) section for further information.

Note: For approved recurring wire transfers, see [Recurring Outgoing Wire Transfers](#) section for documentation requirements

7.6.1 Disclosure to Member

Employees are required to inform the Member of the disclosures and risks of sending a wire transfer prior to processing an outgoing wire transfer. Refer to [Wire Transfer Procedures](#) for additional details

7.7 Foreign Exchange Rates

Foreign exchange rates in the Wires program are live and updated every 4 minutes:

Employees will inform Members:

- Foreign exchange rates fluctuate throughout the day and cannot be guaranteed or held. If the Member requires an immediate quoted rate, refer to the [Wire Transfer Procedures](#) for more information.
- The rate used is based on the live market rate at the time the request is processed in the wires system
 - The rate used will be indicated in the wire transfer transaction description posted to the Banking System account and the CRM Service Request
 - Upon Member request, a finalized receipt indicating the rate used may also be provided once wire transfer has been processed

7.8 Intermediary FIs

An intermediary financial institution (*FI*) is required:

- If a wire transfer is sent in a currency other than the receiving FI's domestic currency, or
- In some cases, regardless of whether the wire is sent in the receiving FI's domestic currency.

E.g., if British Pounds (*GBP*) are sent to France, an intermediary is required. If Euros are sent to France, an intermediary is not necessary.

7.9 Country-Specific Guidelines, Instructions & Payment Code Requirements

Employees are to review the [Country-Specific Guidelines and Instructions document](#) to determine if there are specific details required to be included on the form.

7.10 Request Verification

Wires transfers are often targeted by fraudsters due to the speed at which funds are sent and the difficulty in having a transfer recalled or stopped. Fraudsters are also known to attempt to send wires via remote instruction.

As a high-risk transaction, outgoing wire requests are to be made in person and employees are required to validate all outgoing wire requests before processing:

- Verify the Member's identify in accordance with the [Identity Verification Guidelines](#)
- Verify the Member's signing authority in the Banking System to authorize the withdrawal of funds from an account in accordance with the [DNA Deposit-Withdrawal Transaction Guidelines](#)

- If employees are concerned that the Member is a being victimized, refer to [Wire Transfer Fraud Process](#).

7.10.1 Remote Instructions

Rare exceptions may be considered for accepting remote instructions for an outgoing wire transfer request. These requests must be treated with extreme caution and approval must be given by a member of the Branch Management team or Senior Leadership team.

Note: If a Member has provided prior notice of an upcoming phone wire request this is more likely to be approved (e.g., *Snowbird member plans to purchase a property in Arizona when they are there in the winter and they let us know prior to departing that they will be contacting us*).

Employees must validate the remote request and update CRM with approval notes. Refer to [Wire Transfer Procedures](#) for more information. If remote instructions for a wire request are found to be fraudulent, the information must be reported to the Fraud Prevention Department:

- Employees are to submit the fraudulent wire attempt to the Fraud Prevention Department using the Fraud Intake Form as outlined in the [Fraud Intake Form Procedures](#)
- The Fraud Prevention Department will review the information and if it is determined that there are reasonable grounds to suspect money laundering involvement, the Fraud Prevention Department will:
 - Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#)

7.11 High-Risk & Prohibited Wires

Employees must determine whether a wire transfer is being sent to a high-risk or prohibited country, person or entity before submitting the wire request.

- See the [High-Risk & Restricted Wires](#) section for information on Enhanced Due Diligence (EDD) measures that will be required before processing outgoing wires.
 - All high-risk wires will require additional approval from either Growth Director, CAMLO, or CAMLO Designate.
- See the [Prohibited Wires](#) section for information on wire transfers that the Credit Union will not send.

7.12 Source of Funds

Source of funds for outgoing wire transfers of \$5,000 or more, must be recorded on the *Outgoing Wire Transfer Request* form and in the Wires system. The source of funds must be specific and non-vague (e.g., *proceeds from sale of member's residence*). Do not record "on deposit" or "from account".

Employees are required to take [reasonable measures](#) to determine the source of funds used to initiate the wire transfer, that includes:

- Asking the Member, and/or
- Conducting a review of the account history to determine original source of funds.
 - If a review of the recent account history does not provide a clear indication of source of funds, employees must ask the member for further information.

If a Member refuses to provide source of funds information:

- Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).

7.13 Purpose of Payment

Purpose of Payment for all outgoing wire transfers must be recorded on the *Outgoing Wire Transfer Request* form and in the payment details on the Wires system. The purpose of payment must be specific and non-vague (e.g., *Gift for daughter's downpayment*). Do not record "Gift" or "Invoice".

As wire transfers are high-risk and susceptible to fraud, employees are required to take [reasonable measures](#) to determine the purpose of the wire transfer to ensure the transaction is reasonable and in line with the Member's expected activity. Reasonable measures include:

- Asking the Member "What is the reason the wire transfer is being sent?".

If employees are concerned that the Member is a being victimized, refer to [Wire Transfer Fraud Process](#).

If the purpose of payment is unusual or not in line with expected activity:

- Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).

7.13.1 Purpose of Payment Codes

Some countries require a *Purpose of Payment Code* to be included with the wire transfer information. Refer to the [Country Specific Guidelines and Instructions - 3597](#) for an extensive list of applicable countries or the [Wire Transfer Procedures](#) for a specific country code.

7.14 Politically Exposed Person (PEP) Declaration

Note: If the wire transfer is for the purpose of a *Syndicated Loan*, PEP determination is not required.

For any outgoing wire transfer of \$100,000 CAD equivalent or more, a PEP Declaration must be obtained on the sender of the wire and recorded in the **Regulatory** section of the Wire system.

As per the Credit Union's [Politically Exposed Person and Head of International Organization Determination Guidelines](#) a declaration is to be obtained on an individual, and in cases where the wire sender is an entity, the declaration is to be obtained on the beneficial owner(s) of the entity. The necessary forms and Banking System updates must be completed as per the Credit Union's [Politically Exposed Person and Head of International Organization Determination Guidelines](#)

If the sender, or an entity's beneficial owner, is determined to be a PEP approval by one of the following must be obtained by email before the wire is sent

- Director of Growth
- CAMLO
- CAMLO designate

7.15 Third-Party

Employees are required to determine if a Third-Party is involved in the sending or receiving of the wire transfer. [Reasonable measures](#) are to be taken to determine and obtain Third-Party information as outlined in the Credit Union's [Third Party Guidelines](#).

As per the Credit Union's [Third Party Guidelines](#), all necessary forms and Banking System updates must be completed. If a Member refuses to provide any of the required information or it is suspected that a Third-Party is involved and the Member states there is not one:

- Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).

8 Requirements for Outgoing Wires

8.1 Sender Information

Employees are required to obtain and record all sender information on the *Outgoing Wire Transfer Request* form and update in the Banking System as applicable.

Note: Employees are also required to confirm the sending organization's principal nature of business. If this information differs from what is recorded in the Banking System, employees are required to make the appropriate updates in the Banking System.

The Branch Administration Team will record the information from the *Outgoing Wire Transfer Request* form in the Wire Sender Personal Information section of the wire transfer system.

8.2 Beneficiary Information

Employees are required to make a [reasonable effort](#) to obtain and record all beneficiary information on the *Outgoing Wire Transfer Request* form.

8.3 Reasonable Measures

Reasonable measures taken in connection with an outgoing wire transfer can include:

- Asking the Member to provide the required information;
- Conducting open-source searches; and
- Documenting attempts appropriately.

Important: To meet the Credit Union's Reasonable Measure record keeping requirement, all attempts (*successful or not*) and the information obtained must be documented. Reasonable Measure attempts are to be recorded in the CRM.

The AML Compliance Department will also conduct open-source searches for any missing reasonable measures information on high-risk wires in accordance with regulatory EFT reporting requirements.

If a Member refuses to provide any of the required information:

- Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).

8.4 Missing Required Regulatory Information

A wire transfer cannot be processed if the Member is unable to provide the required regulatory information.

- Missing regulatory information exposes the Credit Union to potential fines
- The AML Compliance Department, if the situation is warranted, may approve an exception once a determination of the type of exposure the missing information poses is made.

8.5 Recurring Outgoing Wire Transfers

A recurring outgoing wire transfer is a wire transfer request with unchanging details, other than dollar amount and/or payment details (e.g., *invoice number*), that will be actioned more than once within a 12-month period or annually by a Member.

A signed and completed *Outgoing Wire Transfer Request* form with the **Recurring Wire** box selected, and a template created in the wire system, will help streamline the processing request. Refer to [Wire Transfer Procedures](#) for processing instructions.

Requirement	Details
Eligible Wires	- Recurring wires must meet all the outgoing wire transfer requirements as stated in this Guideline. - Outgoing wire transfers with high-risk indicators (e.g., high-risk country, high-risk occupation, or high-risk industry) are not eligible for a recurring wire transfer request. Important: Recurring Outgoing Wire Transfer Request and Template will no longer be valid after 13 months of inactivity and will be removed from the wires system.
Approval and Documentation	- All requests to set up a recurring outgoing wire must be approved by Branch Management or a member of the Senior Leadership Team - Branch Management to document approval within CRM as a note indicating: who authorized, approval note, approximate frequency of recurring wire - The initial request must be accompanied by a completed <i>Outgoing Wire Transfer Request</i> form with the Recurring Wire box selected - Subsequent requests will not require an <i>Outgoing Wire Transfer Request</i> form to be completed
Wire Details	All details of the outgoing wire transfer must remain unchanged, with the exception of the amount and payment details (e.g., <i>invoice number</i>). Note: Intermediary information is subject to change without notice based on a receiving Financial Institutions routing instructions change. No new form will be required as a result of the system change. Branch Administration Team will make a note in CRM request to indicate if intermediary information has been updated.
Processing Recurring Request	- The Credit Union will not accept standing/post-dated orders for a recurring wire transfer - Member must make a request each time to utilize the recurring wire transfer, the request must follow the standards outlined in Request Verification section Note: Branch Management approval of remote instructions are not required for subsequent recurring wire requests - At the time of the request, all details of the recurring wire transfer and all KYM information in the Banking System must be unchanged from the original request and reconfirmed with the Member before the request can be processed, refer to Wire Transfer Procedures for additional details.

Requirement	Details
	○ Employee will review the initial <i>Outgoing Wire Transfer Request</i> form in ECM to confirm Recurring Wire option has been selected and all details remain unchanged ○ If any details have changed (e.g., <i>sender information, beneficiary information etc.</i>) the recurring wire is no longer valid and a new form, approval, and template must be set up ● Employee will indicate on the CRM Service Request – Wire Transfer Request – Branch Initiated that the request is for a recurring request

9 Fees

Fees automatically populate for a wire transfer in the Wires system:

- They include both Central 1's and the Credit Union's fee
- Fees differ between incoming and outgoing wire transfers
 - Fees are posted at the time the wire transfer transaction is processed to/from the Member's account
- For the wire transfer fee schedule, refer to [Internal Service Charge Listing](#)

10 High-Risk and Restricted Wires

When a wire is requested to be sent to, or received from, a high-risk or restricted country employees must conduct Enhanced Due Diligence (*EDD*) measures, in addition to the required wire transfer information above, before sending or receiving the wire to reduce the risks of potential Money Laundering (*ML*) or Terrorist Financing (*TF*) to the Credit Union.

Wire transfers to or from high-risk or restricted countries are inherently high-risk due to potential:

- Conflict and/or an unstable government
- Poor anti-money laundering/corruption controls or laws in place, or
- Tax Haven or High-Risk Jurisdiction

High risk and restricted wires as outlined in these guidelines require AML Compliance approval:

- Branch Administration Team will send to AML Compliance if applicable
 - **Note:** As the approval of the wire may take some time, Members should be informed that it may take up to two (2) business days to process wires to/from a high-risk country.

10.1 Enhanced Due Diligence (EDD) Measures

When a wire transfer is being sent to, or received from, a high-risk or restricted country, employees are required to complete EDD measures to ensure that the wire is reasonable and in line with KYM information.

EDD measures include, but are not limited to:

- Collecting supporting documentation for the wire and uploading to ECM:
 - Invoices
 - Sales/purchase receipts
 - Loan documentation (e.g., *loan agreement, purchase agreement*)
 - Other supporting documentation as necessary
- Obtaining the purpose of the wire
- Verifying the source of funds
- Determining the relationship between the sender and the recipient

10.1.1 Central 1 Enhanced Due Diligence Measures

To maintain the ability to facilitate wire transfers, Central 1 has established their own Anti-Money Laundering and Counter-Terrorist Financing (“*AML/CTF*”) requirements that meet or exceed the requirements and expectations of correspondent banking partners when sending or receiving wires through the PaymentStream Direct application.

If Central 1 deems a wire transfer high-risk, they may request additional enhanced due diligence measures from the Credit Union before determining whether the wire will be processed or returned. There is no guarantee once the wire transfer is sent by the Credit Union that it will not be flagged or returned by Central 1.

If a prohibited wire is identified, Central 1 will return the wire.

10.2 High-Risk and Restricted Countries

10.2.1 Countries with Sanction Regulations

The following countries have active Canadian and international sanction regulations in place and require [Enhanced Due Diligence \(EDD\) measures](#) to be completed before processing a wire:

• Belarus	• Myanmar (e.g., Burma)
• Central African Republic	• Nicaragua
• China	• Russia
• Democratic People's Republic of Korea (North Korea) *	• Somalia
• Democratic Republic of the Congo	• South Sudan*
• Guatemala	• Sri Lanka
• Haiti	• Sudan*
• Iran*	• Syria*
• Iraq	• Ukraine
• Lebanon	• Venezuela
• Libya	• Yemen
• Moldova	• Zimbabwe

* See [Prohibited Destinations](#) section for further information.

See [Enhanced Due Diligence \(EDD\) Measures](#) section for the details and documentation that is required from the Member, and upload the information collected to the Member's ECM file. Submit the wire request to Branch Administration Team for review, refer to [Wire Transfer Procedures](#).

AML Compliance Department approval is required prior to processing a wire transfer bound to, or originating from, a sanctioned country.

- Branch Administration Team will escalate the wire via the CRM to the AML Compliance Department for review and approval. Once approval has been obtained the wire can be processed.

10.2.1.1 Sanctions Evasion

Individuals may utilize wire transfer services to circumvent sanctions regulations. Some examples of sanctions evasion techniques include:

Example	Description
Use of intermediary jurisdictions	Sending funds to countries with known ties to sanctioned countries, regions subject to Ministerial Directives, or high-risk jurisdictions with weak money laundering and terrorist financing regimes
Evasion of import and export controls	Providing falsified invoices or supporting documentation
Use of opaque corporate structures	Using shell companies to conceal ownership
Non-resident banking	Registration of business, or related businesses, in a high-risk jurisdiction
Use of proxies and enablers	Transferring ownership to nominee or close associate for the purpose of hiding ultimate beneficial ownership
Use of virtual currencies and other alternative financial channels	Using cryptocurrencies as a financial vehicle to conceal the source of funds until they are deposited to a financial account

If employees identify indicators of Sanctions Evasion an Unusual Activity Report must be submitted to the AML Compliance Department. Refer to the [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#) for guidance.

10.2.2 Countries with Ministerial Directives

A Ministerial Directive is a written directive issued by Canada's Minister of Finance that sets out specified countermeasures that the Credit Union must apply when conducting transactions to or from a designated jurisdiction or entity.

These directives are issued to protect Canada's financial system from foreign jurisdictions and foreign entities that are considered to present high risks for facilitating money laundering (*ML*) and terrorist financing (*TF*).

Employees must notify the AML Compliance Department for approval prior to processing a wire transfer bound to or from a country with an active ministerial directive and to determine if additional [enhanced due diligence measures](#) are required.

Refer to the Credit Union's [Ministerial Directive Guidelines](#) for the most recent listing of countries with active Ministerial Directives and see [Prohibited Destinations](#) section for further information.

10.2.2.1 Intermediary Jurisdictions and Indirect Countries

A transaction may still involve a Ministerial Directive, even if it is not directly destined to a specified country.

An assessment of facts, context, and indicators must be completed to determine whether a transaction may be indirectly bound, or initially originated from, a foreign state under a Ministerial Directive. Indicators may include a wire transfer destined to a bordering region, Third-Party beneficiary details, or beneficiary address.

Financial intelligence analysis indicates the intermediary jurisdictions listed below are often used to obscure the source and destination of funds, with the goal of bypassing Canadian reporting requirements and restrictions.

If employees are unable to determine, or suspect a transaction may involve a Ministerial Directive, it must be escalated to the AML Compliance Department for further review and guidance prior to processing.

Intermediary Jurisdictions and Locations of Concern	
United Arab Emirates	Illicit financial flows from China, Hong Kong, and Iran
Türkiye	Illicit financial flows from Russia
Countries of the Commonwealth of Independent States: Armenia, Azerbaijan, the Kyrgyz Republic, Kazakhstan, Moldova, Tajikistan, Turkmenistan, and Uzbekistan	Illicit financial flows from Russia

10.2.3 Tax Haven Jurisdictions

A tax haven is a country that offers foreign businesses and individuals minimal or no tax liability for their bank deposits. Many of these regions have strong financial privacy laws that block access to deposit information by foreign tax authorities.

The following countries have been identified as a Tax Haven or High-Risk Jurisdiction.

• Afghanistan	• Costa Rica	• Mali	• Somalia
• Albania	• Croatia	• Marshall Islands	• South Africa
• American Samoa	• Cuba	• Morocco	• South Sudan*
• Anguilla	• Eritrea	• Mozambique	• Sri Lanka
• Bahamas	• Fiji	• Myanmar	• Sudan*
• Barbados	• Gibraltar	• Nicaragua	• Syria*
• Bosnia and Herzegovina	• Guam	• Niger	• Tanzania
• Brazil	• Guinea	• Nigeria	• Trinidad & Tobago

• Botswana	• Guinea-Bissau	• North Korea	• Turkey
• British Virgin Islands	• Haiti	• Pakistan	• Turks and Caicos
• Burkina Faso	• Iran*	• Palau	• Uganda
• Burundi	• Iraq	• Palestinian Territories	• Ukraine
• Cambodia	• Israel	• Panama	• United Arab Emirates
• Cameroon	• Jamaica	• Philippines	• Vanuatu
• Cayman Islands	• Jordan	• Russia	• Venezuela
• Central African Republic	• Kenya	• Samoa	• Vietnam
• Congo, Democratic Republic of the	• Kosovo	• Senegal	• Virgin Islands, U.S.
	• Lebanon	• Saint Maarten	• Yemen
	• Libya	• Sint Maarten	• Zimbabwe

* See [Prohibited Destinations](#) section for further information.

See [Enhanced Due Diligence \(EDD\) Measures](#) section for the details and documentation that is required from the member, and upload the information collected to the Member's ECM file.

10.3 High-Risk Industries, Entities, and Occupations

Under the Proceeds of Crime (*Money Laundering*) and Terrorist Financing Act (*PCMLTFA*), certain occupations, industry, and entity types are deemed inherently high-risk as they are more susceptible to criminal coercion, bribery, or political corruption. Refer to the [High-Risk, Prohibited, and Restricted Memberships Policy](#) for the full list of high-risk entities and occupations.

As wire transfers involving a sender or beneficiary from a high-risk industry, or an individual in a high-risk occupation can present an increased risk for money laundering, EDD measures are required. See [Enhanced Due Diligence \(EDD\) Measures](#) section for the details and documentation that is required from the member, and upload the information collected to the Member's ECM file.

In addition, a PEP/HIO determination must be made in relation to any wire transfers for high-risk industries, entities, or occupations. Employees must ascertain if the individual sender or beneficiary, or beneficial owner(s) of an entity is politically exposed. Refer to the [Politically Exposed Person and Head of International Organization Determination Guidelines](#). See [Enhanced Due Diligence \(EDD\) Measures](#) section for the details and documentation that is required from the member, and upload the information collected to the Member's ECM file.

Note: Due to restrictions imposed by intermediary financial institutions, international CAD wire transfers involving the following high-risk industries may be subject to restrictions or cancellations at the time the financial intermediary receives the wire for processing:

- Cannabis providers and/or distributors

- Virtual currency exchanges, providers, administrators, miners and NFT and blockchain related transactions
- Money services businesses and foreign currency exchanges

These wire transfers may be delayed or returned by the intermediary institution, less any service charge fees.

10.3.1 Wires to Payment Service Platforms Dealing in Virtual Currency

Heightened due diligence is required when there is a Member request to wire funds to virtual currency platforms:

- There is a rise in fraudsters utilizing virtual currency platforms (*e.g., Shakepay, Netcoins, NDAX, Newton, and others*)

EDD measures include:

Measure	Steps
Making a Third-Party determination	• Confirming whether the Member is sending funds to an account held in their own name or held by another individual/entity ○ If funds are destined for an account held by another party, confirm the relationship between our Member and the receiving party
Asking Questions	• Asking questions about the specific purpose of the wire (<i>e.g., what will the funds be used for once they reach the payment platform?</i>)
Documenting the Conversation in CRM	• Documenting details of the conversation in the Member's CRM: ○ Including the confirmation of whose account the funds are being deposited into, the relationship between the parties and the specific purpose of the wire

If there are any concerns around potential fraud or victimization due to the reason/purpose of the wire, or the request being outside of a Member's typical behaviour:

- Escalate the transaction request to your Branch Management Team and submit to the Fraud Prevention Department using the Fraud Intake Form as outlined in the [Fraud Intake Form Procedures](#)
 - The request for the wire transfer can be refused if there is a concern that the Member is falling victim to a scam.

If a Member refuses to provide any of the above information:

- Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#),

10.3.2 Wires Involving Money Service Businesses or Foreign Currency Exchanges

Heightened due diligence is required when funds are received from a Money Service Business, or if there is a Member request to wire funds to a Money Service Business:

- Money Service Businesses are often used to facilitate the layering stage of laundering of proceeds or criminal activity

EDD measures include:

Measure	Steps
Making a Third-Party determination	• Making a Third-Party determination - confirming whether the Member is sending funds to an account held in their own name or held by another individual/entity ○ If funds are destined for an account held by another party, confirm the relationship between our Member and the receiving party ○ If the wire was initiated by another individual, confirm the relationship between our Member and the requestor
Asking Questions	• Asking questions about the specific purpose of the wire (<i>e.g., what the funds will be used for once they reach the payment platform?</i>) • Asking questions about the original source of funds for the wire (<i>where did the funds originate from? E.g., Investments, operating income, personal income, estate proceeds</i>)
Documenting the Conversation in CRM	• Documenting details of the conversation in the Member's CRM ○ Including the confirmation of whose account the funds are being deposited into, the relationship between the parties and the specific purpose of the wire

If there are any concerns around the reason/purpose of the wire, or the request is outside of a Member's typical behaviour:

- Escalate the transaction request to your Branch Management Team and the AML Compliance Department.
- The wire transfer may be refused or returned if there is a concern that activity may be related to laundering the proceeds of criminal activity or not in line with the information being provided.

If a Member refuses to provide any of the above information:

- Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#)

10.4 Politically Exposed Persons (PEP) and Head of International Organization (HIO)

Foreign PEP & HIO

Under the Proceeds of Crime Money Laundering and Terrorist Financing Act (*PCMLTFA*), individuals who are a politically exposed foreign person or the head of an international organization are more susceptible to criminal coercion, bribery, or corruption and pose an inherently higher membership risk.

The Parliament of Canada has enacted legislation authorizing the application of sanctions through *PCMLTFA* regulations. To ensure compliance, the Credit Union is required to:

- Determine on a continuing basis if it is in possession or control of property that is reasonably believed to be the property of a PEP who is the subject of an order or regulation made under the Freezing Asset of Corrupt Foreign Officials Act (*FACFOA*).
 - Immediately disclose to the RCMP the existence of the property and information about any transactions or proposed transactions related to it.

Therefore, heightened due diligence is required when a wire transfer is initiated or received by a Foreign PEP.

EDD measures include:

Measure	Steps
Obtaining source of wealth	• The origin of an individual's total assets that can be reasonably explained, rather than what might be expected
Making a Third-Party determination	• Making a Third-Party determination - confirming whether the Member is sending funds to an account held in their own name or held by another individual/entity ○ If funds are destined for an account held by another party, confirm the relationship between our Member and the receiving party ○ If the wire was initiated by another individual, confirm the relationship between our Member and the requestor
Asking Questions	• Asking questions about the specific purpose of the wire (<i>e.g., what the funds will be used for once they reach the payment platform?</i>) • Asking questions about the original source of funds for the wire (<i>where did the funds originate from? E.g., Investments, operating income, personal income, estate proceeds</i>)
Documenting the Conversation in CRM	• Documenting details of the conversation in the Member's CRM ○ Including the confirmation of whose account the funds are being deposited into, the relationship between the parties and the specific purpose of the wire

Measure	Steps
	Collecting supporting documentation for the wire transfer and uploading to ECM (e.g., <i>invoice, bank statement, sales receipt, etc.</i>)

Once the above information is obtained, employees must upload all information collected to the Member's ECM file and submit the wire request to the Branch Administration Team to review, refer to [Wire Transfer Procedures](#).

AML Compliance Department approval is required prior to processing a wire transfer for a Foreign PEP/HIO.

- Branch Administration Team will escalate the wire via the CRM to the AML Compliance Department for review and approval.

If there are any concerns around the reason/purpose of the wire, or the request is outside of a Member's typical behaviour:

- The wire transfer may be refused or returned if there is a concern that activity may be related to laundering the proceeds of criminal activity or not in line with the information being provided.

If a Member refuses to provide any of the above information:

- Complete an [Unusual Activity Report](#) in accordance with the applicable [Unusual Activity Reporting Guidelines](#) and [Unusual Activity Reporting Procedures](#).

11 Prohibited Wires

11.1 Prohibited Destinations

All wires sent to, destined for, received, or originating from the following countries are **strictly prohibited – there are no exceptions**. This includes wires to beneficiaries or from senders with an address in the countries noted below, regardless of where the receiving or sending institution is located.

- Crimean Region of Ukraine
- Democratic People's Republic of Korea (*North Korea*)
- Iran
- South Sudan
- Sudan
- Syria

If the beneficiary's FI country is listed as a prohibited country, a warning and error message will appear within the PaymentStream Direct application, and the wire will not be permitted to proceed.

11.2 Prohibited Currencies

All wires sent, received, or originating in the following foreign currencies regardless of initial or final settlement are **strictly prohibited – there are no exceptions**.

- Democratic People’s Republic of Korea (*North Korea*) Won
- Iranian Rial
- Sudanese Pound/South Sudanese Pound

Syrian Pound/Syrian Lira

11.3 Prohibited Industries, Entities, and Occupations

Wires associated with the entities and individuals below are **strictly prohibited—there are no exceptions**:

- Entities which are domiciled and operated solely outside of Canada
- Industries whose activities are prohibited by Canadian law, and therefore deemed illegal
- Corporate structures and legal frameworks that obscure beneficial ownership, such as bare trusts and corporate bearer share entities
- Listed, or sanctioned, entities and individuals

Any person that is associated with a prohibited industry or entity denoted within a Credit Union policy, either directly or indirectly, is not eligible for Credit Union membership, and therefore no wire transactions are permitted. Refer to the [High-Risk, Prohibited, and Restricted Memberships Policy](#) for the full list of prohibited entities and occupations.

Any incoming or outgoing wire detected, determined, or believed to be related to any of the above industries, entities, or occupations will be frozen, refused and returned **without exception**

11.4 Prohibited Foreign Currency Wire Transactions

All foreign currency (*non-Canadian dollar*) wires sent or received by Members with the following entity or industry types are **strictly prohibited—there are no exceptions**. Any incoming or outgoing wire detected, determined, or believed to be related to any of the below entity or industry types will be frozen, refused and returned **without exception**.

- Money Service Businesses, including currency exchanges
- Payment services providers
- Casinos and gambling establishments
- Internet gambling/gaming associated business and websites
- Cannabis/marijuana providers and/or distributors

- Virtual currency exchanges, administrators, and transfer services including Cryptocurrency
- Adult Entertainment/Pornography Sector, including but not limited to:
 - Pornographic content and websites (*online platforms, websites, subscriptions, production companies*)
 - Escort or companionship services
 - Strip clubs and adult cabarets
 - Adult webcam/live stream services
 - Platforms such as OnlyFans, etc.
 - Adult novelty or sex toy retailers when explicitly marketed as adult-themed

11.5 Terrorists and Terrorist Organizations

All wires sent, received, or originating from identified terrorists or terrorist organizations are **strictly prohibited**, regardless of initial or final settlement – **there are no exceptions**.

Any incoming or outgoing wire detected, determined, or believed to be related to terrorism, including funding terrorism activities or terrorist organizations will be frozen, refused, and returned – **there are no exceptions**.

If there is reason to suspect that an incoming or outgoing wire is to be deposited into accounts that are owned or controlled by or on behalf of a terrorist or terrorist group:

- Contact the AML Compliance Department immediately:
 - A Listed Person or Entity Property Report needs to be submitted to FINTRAC and Canadian Security Intelligence Service.

11.6 Prohibited Remittance Content

Ensure the following data is **NOT** entered in the remittance field:

Prohibited Content	Details
Malicious Content	Deceptive or malicious URLs that may cause harm to anyone that transmits, receives or processes URLs.
Other Harmful Content	Content that Central 1 determines may cause harm to anyone if such content/information is provided or processed. Examples: • Personal Information of an individual unless such inclusion has been appropriately consented to by the individual. • Abusive, profane, defamatory, discriminatory, or derogatory language. • Malicious code or other damaging information such as scripts or links

Prohibited Content	Details
	- Content that is illegal or the inclusion or transmission of such information is otherwise in contravention of applicable law. - Content that is used to conduct or relates to illegal or other harmful activities.

12 Processing Wire Transfers

Wire transfer processing is centralized and handled by the Branch Administration Team, refer to [Wire Transfer Procedures](#) and [Wire Transfer Job-Aid](#) for additional details.

To align with Central 1 processing deadlines, the Branch Administration Team processes incoming and outgoing wire transfers in the Wires System **Monday to Friday between 8:00am and 4:30pm**.

Note: For traces, returns, recalls and amendments, employees are to escalate to the Branch Administration Team by creating a CRM Service Request – **In-Progress Wire Inquiry – Branch Initiated**, see [Inquiry on Outgoing Wire Transfer](#) section for further information.

13 Inquiry on In-Progress Wire Transfer

From time to time, Members or employees may have an inquiry about a specific in-progress or completed wire transfer. (e.g., *status, exchange rate at time of sending, transaction receipt, etc.*)

13.1 Inquiry on Outgoing Wire Transfer

The initial CRM Service Request - **Wire Transfer Request - Branch-Initiated** should always be reviewed to confirm if the inquiry can be answered by reviewing the notes and status of the CRM Service Request.

If further information or additional support is required (e.g., *amendments, recalls, traces etc.*):

- Employee to send a CRM Service Request – **In Progress Wire Inquiry – Branch Initiated**.
- Branch Administration Team will investigate and provide information or support as applicable.
 - If the inquiry requires escalation to Central 1 for further investigation, it will be subject to a fee. Refer to [Internal Service Charge Listing](#).

Important: Branch Administration Team can attempt to amend, recall, or place a trace on an outgoing wire request, but requests for amending or recalling a wire are processed on a best-efforts basis and are subject to additional fees.

Refer to [Wire Transfer Procedures](#) for inquiry process.

13.2 Inquiry on Incoming Wire Transfer

The Credit Union is unable to check on the status of an incoming wire transfer until it has arrived in our systems, awaiting deposit to the Member's account.

If a Member is anticipating receiving a wire transfer and is wondering why the funds are not yet in their account, it is unlikely that we will be able to provide them with any information, unless the wire has arrived in our system and has just not yet been deposited.

Checking the status of wire transfers in-transit is normally conducted on the sending end. Direct the Member to contact the sender and have them reach out to the sending FI for further investigation and status information.

14 Records and Retention

Wire details are available within the PaymentStream Direct Wires program for seven (7) years:

- Employees are not required to :
 - Index the wire transfer detail sheets from the Wires system in the Banking System documents or the ECM.
 - Keep paper copies

All documents and records related to the wire transfer including the Outgoing Wire Transfer Request Form are to be retained in the Member file in the ECM, this includes the invoices that supports the wire, if applicable.
