1 Purpose

This document outlines the procedures and associated record keeping requirements that the AML Compliance Team will follow to action a Withdrawal of Services for a Member after the recommendation to withdraw services has been approved.

To review the guidelines on when and how to withdraw services, refer to Beem's [Withdrawal of Services Guidelines](#) and [Withdrawal of Services Process](#)

2 Overview

The following procedures will be undertaken by the AML Compliance Team when actioning a Withdrawal of Services for a Member. By following these procedures, it will ensure that a consistent approach is taken each time, and all aspects of the Member relationship have been reviewed and accounted for.

The Withdrawal of Services may consist of service restrictions to restrict certain types of activity from continuing or collecting additional information for ongoing monitoring, or closing the Member's accounts as the activity being conducted has been deemed to fall outside of risk tolerance.

2.1 Service Restrictions Process

When service restrictions are applied to a membership AML Specialists must:

1. [Issue a letter outlining the service restrictions to be sent to the member](#)
2. [Place appropriate restrictions on the membership profile in the banking system](#)
3. [Record details and uploading documents in Sunflower](#)

2.2 Account Closure Process

When it has been determined that a Member's accounts are to be closed AML Specialists must:

1. [Review the members relationship and determine what Credit Union products they hold](#)
2. [Issue a letter outlining the date the accounts are to be closed by](#)
3. [Place appropriate restrictions on the membership profile in the banking system](#)
4. [Record details and uploading documents in Sunflower](#)
5. [Diarize to follow up on the date of closure & arrange to close accounts and sent final closure letter, if applicable](#)

3 Review Member Relationship

A review of the Member's relationship, including products and services, must be conducted to ensure appropriate notifications are made and all accounts are included in the Withdrawal of Services Letter being sent.

If the Member has other products including Wealth investments or lending, the AML Specialists must notify the appropriate departments.

3.1 Wealth Service Products

To identify if the Member is a client of Wealth Services, review the Member's account for any transactions that would indicate the member has wealth services (i.e. Aviso, etc.).

If the Member is identified to have Wealth service products, a notification can be sent to Wealth Services via email notifying that the Credit Union will be withdrawing services. The AML Specialist will not share specific details of why services are being withdrawn, simply that the Member falls outside of the Credit Union's risk tolerance.

Contact - wealthmanagement@beemcreditunion.ca

3.2 Lending Products

If the Member is identified to have lending, including lines of credit, loans and/or mortgages, the AML Specialist must notify the Credit Recovery Department to determine next steps with lending products.

Credit Recovery - creditrecovery@beemcreditunion.ca

The AML Specialist should provide all relevant information to the Credit Recovery Department and may also include their recommendation for the credit facility (i.e. no renewal at maturity, demand payment of loan). Due to the legal requirements with demanding payment of a loan, the Credit Department will either

- provide the AML Specialist verbiage to include in the Withdrawal of Services Letter; OR
- provide appropriate notification directly to the Member.

3.2.1 Lines of Credit, Overdraft and/or Loans

After receiving notification, the Credit Recovery Department will conduct a review of the membership and determine whether the Credit Union will look to demand payment or restrict renewal at the next maturity date.

If the Credit Recovery Department provides wording to include in the Withdrawal of Services Letter, the AML Specialist can include this in the account closure letter.

3.2.2 Mortgages or HELOC

After receiving notification, the Credit Recovery Department will conduct a review of the membership and determine whether the Credit Union will look to restrict renewing the mortgage at the next maturity date.

AML Admin Withdrawal of Service Procedures PROCEDURES

Due to penalties that the Member may be charged for early payout, the AML Compliance Team will not require mortgages to be closed within a Withdrawal of Services Letter, unless there are extenuating circumstances that have been reviewed and agreed upon with the CAMLO or CAMLO Designate.

3.3 Registered Products

As registered products have tax implications associated with the withdrawal of funds, the AML Compliance Department will not require registered products to be closed by a certain date within a Withdrawal of Services Letter, unless there are extenuating circumstances that have been reviewed and agreed upon with the CAMLO or CAMLO Designate.

The AML Specialist can restrict any further investments to a registered plan and any future reinvestment of funds.

The following verbiage can be included in the Withdrawal of Services Letter if the member has registered product(s):

"In regard to your registered accounts, effective immediately no further contributions, or reinvestment of current funds, will be accepted. Registered products will remain open with the Credit Union until notification is received to transfer your funds to another financial institution"

3.4 Safety Deposit Box

The AML Compliance Team will not require closure of Safe Deposit Boxes within a Withdrawal of Services Letter, unless there are extenuating circumstances that have been reviewed and agreed upon with the CAMLO or CAMLO Designate.

The AML Specialist can include the following verbiage in the Withdrawal of Services Letter:

"It is noted that you hold a safe deposit box with the Credit Union, we kindly request that you schedule an appointment to visit the branch where your safety deposit box is held in order to collect your personal belongings and close your safe deposit box"

In extenuating circumstances, if a Safe Deposit Box must be closed, the following verbiage can be included in the Withdrawal of Services Letter:

"We kindly request that you schedule an appointment to visit the branch where your safety deposit box is held in order to collect your personal belongings. If you do not do so within the next 30 days, Beem staff, in dual custody, will proceed with opening and inventorying the contents of your safety deposit box. Your personal items will then be securely sent to the address we have on file via courier. Please be advised that if any items requiring reporting are identified during this process, the necessary reports will be filed in accordance with regulatory requirements. To schedule your appointment, please contact the Beem Member Service Centre at 1.855.220.2580 or the Beem Hub at 1-866-736-4334"

4 Applying Service Restrictions

As part of the Withdrawal of Services Guidelines, AML Specialists may disable certain account services to restrict the Member from continuing to conduct unusual or unwanted behaviour.

4.1 Types of Service Restrictions

Depending on the membership and the high-risk activity identified, the AML Specialist may apply service restriction on a membership including, but not limited to:

- Restricting MemberCard® access
 - Extended deposit holds
 - Removing deposit capabilities
 - Lowered card limits
 - Fully disabling MemberCard® access
- Online banking access
 - Removing eTransfer® services
 - Reducing eTransfer® limits
 - Removing remote deposit access
 - Reducing remote deposit limit
 - Extending remote deposit holds
 - Removing inter-member transfer access
 - Fully disabling online banking access
- Restricting incoming and/or outgoing wires
- Increased hold times for non-cash deposits including personal cheques, drafts, and official cheques
- Requesting source of funds for cash and non-cash deposits

4.1.1 DNA Restriction Procedures

The following steps can be taken in DNA to disable services or extend holds in DNA

4.1.1.1 MemberCard Restrictions

Access the member's MemberCard from the Relationship Profile screen → Agreements → Member Flash Card → Edit

Further information can be reviewed in the Credit Union's

Quick Access | Accounts (9) | ID | External | Loan Apps | **Agreements (2)**

☐ Include Closed Agreements

Agreements
Edit

Agreement Type	Agreement Number	Name
Member Flash Card	596441	[REDACTED]
MemberDirect Retail	409642	[REDACTED]

Lowering Card Limits

From the Agreement Details Screen:

1. Highlight the member's name and click **Edit**
2. From the Person Agreement Information Screen reduce the **Card Holder Limits**

Card Holder Limits

ATM Withdrawal Limit » 1.00

POS Withdrawal Limit » 1.00

Combined Withdrawal Limit » 2.00

Daily Deposit Limit » 1.00

ATM Offline Withdrawal Limit 1.00

POS Offline Withdrawal Limit 1.00

- 3.
4. Click **Process** to apply the reduced limits

Extending ATM Deposit Holds

From the Agreement Details Screen:

1. Highlight the member's name and click **Edit**
2. From the Person Agreement Information Screen update the **Card Hold Types**

Card Hold Types

On Us Low Value <None>

On Us High Value <None>

Foreign Low Value <None>

Foreign High Value <None>

- 3.
4. **On Us High Value**
 - a. Extended HOME – 5 day holds
 - b. High Risk HOME – 15 day holds
5. **Foreign High Value**

- a. Extended FOREIGN – 5 day holds
- b. High Risk FOREIGN – 15 day holds
6. Click **Process** to apply the extended holds

Disabling MemberCard

From the Agreement Details Screen:

1. Highlight the member's name and click **Edit**
2. From the Person Agreement Information Screen select the **Cards** tab
3. Select the **Active** card
4. Select the **Status** radio button

5. Enter Status Code – Closed
6. Enter Status Reason – Closed by Credit Union
7. Enter Comments – initials or person closing card
8. Click **Process** to close the card
 - a. Once closed this cannot be undone, a new MemberCard will be required to be issued by staff if MemberCard services are reinstated

4.1.1.2 Online Banking Restrictions

Access the member's online banking agreement from the Relationship Profile screen → Agreements → MemberDirect Retail/MemberDirect Small Business → Edit

Further information can be reviewed in the Credit Union's [Online Banking Guidelines](#)

Removing Remote Deposit Capabilities

Navigate from the Relationship Profile → Contact Management → Person → Person Fields → Date Sensitive Attributes tab

AML Admin Withdrawal of Service Procedures PROCEDURES

1. Select from the Attribute Category drop down **Risk Profile**
2. Select **Member Direct Risk Profile** and click Edit

Description »

Value »

Effective Date »

Inactive Date

- 3.
4. Select **Block Mobile Remote Deposits**
5. Click **Process**

Extending Remote Deposit Holds

Navigate from the Relationship Profile → Contact Management → Person → Person Fields → Date Sensitive Attributes tab

1. Select from the Attribute Category drop down **Risk Profile**
2. Select **Member Direct Remote Deposit Hold Type** and click Edit

Description »

Value »

Effective Date »

Inactive Date

- 3.
4. Select appropriate hold from drop down
 - a. Default – 1 day hold
 - b. High Risk Customer RDC – 15 day hold
 - c. Max Release RDC – 5 day hold
 - d. New Minor – 2 day hold
5. Click **Process**

Disabling online banking access

From the Electronic Access screen click Query to show the members online banking agreements

1. Select the online banking agreement from the Electronic Access Agreements section
2. Click **Edit**

Electronic Access Agreements

- 6.

7. Select **Access Type Limits**
8. Click **Create**
9. Complete the Drop Down options
 - a. Transaction Group
 - i. Interact eTransfer Credit
 - ii. Interact eTransfer Debit
 - b. Access Limit Apply Method
 - i. Credit
 1. Transaction Limit
 - ii. Debit
 1. Transaction Limit
 - c. Limit Amount
 - i. Indicate the limit per transaction
 - ii. If fully restricting indicate \$0.01
10. Click **Process**
 - a. If applying more than 1 limit you will need to create a new limit following the same steps above (i.e. credit limit & debit limit)

NOTE ** this process does not currently restrict e-transfers in DNA and is a known issue with no ETA on when it will be resolved. Until the issue is resolved you must email the Fraud Prevention Department with the member number and ask that all e-transfer ability be blocked by Interact. There is no ability to set limits and is a full restriction based on the email address in Interact.

4.2 Notifying the Member of Account Service Restrictions

Notice of any service restrictions being applied to a membership must be provided to the Member. Complete the Restriction of Services Letter and provide to Branch Management to sign and send via registered mail.

[Beem - Restriction of Services Letter](#)

Dear Member,

As part of our ongoing monitoring, the Credit Union has conducted a periodic review of your account activity and advise that your account operations no longer fall within our risk tolerance. As a result, we are unable to continue to provide you with banking services. Effective immediately MemberCard/MemberDirect services have been disabled

Please be advised non-cash deposits, including drafts/official cheques, will be held for 10 business days.

5 Closing Accounts

As part of the Withdrawal of Services Guidelines, AML Specialists may close accounts to restrict the Member from continuing to conduct unusual or unwanted behavior.

Closure of the Member's share account (membership in the Credit Union) may be conducted in extenuating circumstances and requires the approval of the CAMLO or Chief Risk Officer.

5.1 Determine Accounts to be Closed

AML Admin Withdrawal of Service Procedures PROCEDURES

After reviewing the membership, including all products and services held, the AML Specialist will determine which accounts are to be closed and/or which services will be restricted until the accounts are closed, along with the date for when the accounts must be closed by and/or the date for when the service restrictions apply.

5.1.1 Joint Accounts

If a demand account is held in joint ownership, separate Withdrawal of Service Letters are to be sent to all account owners notifying of the account closure and/or service restriction.

5.1.2 Expired eTransfers

The AML Specialist is responsible for reviewing the Member's outgoing eTransfer activity to identify any expired eTransfers. If the Member has expired eTransfers, the AML Specialist must contact the Fraud Investigations Team (investigations@beemcreditunion.ca) and request the expired eTransfer be cancelled and credited to the Member's account before closure. When contacting Fraud Investigations, provide the details of the expired eTransfer:

Example: transactions number, amount, and date initiated.

The credit to the Member's account is generally processed right away; however, in some cases may take up to a few days to complete.

5.1.3 Active CAFT/AFT on Account

The AML Specialist is responsible for viewing the accounts to determine whether there is an active CAFT/AFT. If there is an email must be sent to Centralized Services – centralizedservices@beemcreditunion.ca

Example template:

Can your team please diarized to ensure that all AFT originators on account XXXX are closed out on the account closure date of, XXXDATE, to avoid future discrepancies.

5.2 Notifying the Member of Account Closure

After it has been determined which accounts and products will be closed or restricted, notice must be provided to the Member. Complete the Account Closure Letter and provide to the Branch Management to sign and send via registered mail.

[Beem - Account Closure Letter](#)

The letter must include:

1. A listing of the accounts that must be closed
2. Outline any service restrictions that will be applied to the membership

AML Admin Withdrawal of Service Procedures PROCEDURES

- a. Ex. membercard/online banking services disabled, extended cheque holds, wire transfer restrictions, etc.
3. The date that the accounts are to be closed by

5.2.1 Account Closure Timeframes

The timeframe provided to the Member to close the accounts can vary depending on the membership and the scenario identified. Typically:

- 30-days notice is to be provide on personal memberships
 - A reduced timeframe may be warranted depending on the severity of the activity identified – i.e. abusive behavior towards staff
- 30 to 90-days notice is to be provided on business memberships, depending on the business activity and account use
 - The Credit Union must ensure we are not restricting the Members from being able to conduct or run their business, so 60 to 90-days notice should be provided
 - If it is identified that the business holds accounts at another financial institution (i.e. etransfers or cheques can be seen going to an account in the same name) we can look to provide the shorter timeframe (30 days).

The AML Specialist may look to extend the timeline if the member requests an extension provided the reasons for the request are reasonable.

6 Sending the Letter

A physical letter must be sent to the member via **registered mail**.

A copy of the Withdrawal of Service or Account Closure Letter, along with the tracking receipt, are to be uploaded to the electronic member file within Nautilus.

In certain circumstances the Withdrawal of Service or Account Closure Letter can be sent via **encrypted email**. The AML Specialist must review with the CAMLO or CAMLO Designate before providing approval to the Branch to send via email.

6.1 Branch Process

Once the Withdrawal of Services or Account Closure Letter is prepared, the AML Specialist will:

1. Email the Letter to the Branch Manager for signing
 - a. Managers can sign by wet signature or an electronically using OneSpan
2. Advise the Branch Manager to send the signed Letter via registered mail or arrange for courier delivery
3. Advise the Branch Manager to upload a copy of the signed Letter and the registered mail tracking receipt to the Member file within the ECM
4. Request the Branch Manager confirm with the AML Compliance Team when the letter has been mailed.

7 DNA Restriction & CRM Note

A restriction must be added to the Member's person/organization record in the banking system, accompanied by a note in CRM to inform staff of the withdrawal of services, outline any account services restrictions, and to provide clarity on whom to contact for any inquiries.

7.1 Account Closure

The following information must be recorded when an AML Specialist is issuing an Account Closure Letter.

7.1.1 DNA Restriction

Beem Credit Union has issued an account closure letter for XXXMEMBER. Accounts XXX are to be closed by XXXDATE, no further accounts or services are to be opened for the member - no exceptions. Direct all member inquiries to branch manager XXXNAME.

AML SPECIALIST NAME, POSITION, DATE

If service restrictions are applied to the Member each restriction must be added in a separate restriction for clarity.

Ex. 10-day holds on all non-cash deposits are required; incoming and outgoing wire transfers are fully restricted.

**** Please note that multiple restrictions of the same type cannot be applied on the same day. To apply more than one restriction within a single day, an alternative restriction type must be selected. Otherwise, the AML Specialist should schedule a follow-up to apply the additional restriction on the following business day.**

7.1.1.1 Adding a Restriction Process

In the banking system, from the member's relationship screen, the following steps can be completed to add a restriction:

1. Open member's Relationship Profile Screen
2. Proceed to the Edit Person Screen
 - a. Edit → Edit Person
3. From the edit person screen navigate to:
 - a. Additional → Restrictions
4. From the Restrictions screen
 - a. Click **Query** to view all active restrictions

- b. Click **Create** to create a new restriction
- c. In the **Create/Edit Restrictions** section
 - i. Type – will prepopulate to “Warning Flag”
 - ii. Description – select the appropriate option from the drop downs available Ex:
 - 1. General Account Restriction
 - a. Used to indicate account closure is in progress and/or online banking/membercard or other services have been disabled
 - 2. Hold Verify Funds
 - a. Used when SOF or Purpose of payment is to be collected for deposits, or if an extended hold period is required for deposits
 - 3. Know Your Member
 - a. Used if KYM information is required to be updated
 - 4. Documentation Required
 - a. Used if member documentation is missing and/or is required to be updated
 - 5. Account Frozen – No Activity
 - a. Used if account is fully frozen from all activity. This restriction will fully restrict all credit and debit transactions
 - 6. Member to see Branch Officer
 - a. Used if the member must be referred to a branch manager or senior staff member when they attend the branch
 - iii. Effective Date – will prepopulate to current date
 - iv. Release date – if the restriction will expire at a certain date this can be indicated here. If the restriction does not expire, leave blank.
- d. Once complete, click **Process**
- e. New restriction will now show in the Restrictions section
- f. Highlight new restriction by clicking on it
- g. Click **Notes** to add the applicable restriction note
 - i. In the Notes screen click **Create**
 - 1. Note Class – Select **Note**
 - 2. Sub Class:
 - a. Warning Flag – used for all notes except lockout/account frozen
 - b. Lockout Flag – if the account is fully frozen the lockout flag must be used

3. Note Text - enter the applicable restriction note as outlined in the [DNA Restriction](#) section above
 4. Inactive Date - if the restriction note will expire at a certain date this can be indicated here. If the restriction does not expire, leave blank.
- ii. Click **Process** to add the note to the restriction
- h. The restriction will now be added to the member's profile in the banking system

7.1.2 CRM Note

"Membership has been identified to exceed the Credit Union's risk tolerance. An Account Closure Letter, signed by either the Branch or Regional Manager, was mailed on XXXDATE and is uploaded to the member file for reference. Accounts XXX are to be closed by XXXDATE. Additionally, the following service restrictions have been applied: < listing of account service restrictions>. Please refrain from discussing the withdrawal with the member; instead, direct any inquiries to the Branch or Regional Manager/AVP, or AML Compliance."

7.1.2.1 Creating a CRM Note

1. Open CRM - [Tier 1 Dashboard - Dynamics 365](#)
2. In the lefthand taskbar under Members click **Member Search**
3. Select **Personal** or **Organizational** depending on the type of membership
4. Enter the member number in the **Member Number** field
5. Click **Search**
6. Click on the appropriate member profile to navigate to their 360 person/entity record
7. From the 360 record click **Collaboration**
8. Under **Timeline** click on the text box to Enter a Note
9. Type the appropriate note outlining the Account Closure process in progress.
10. Click **Add note and close** to save the note to the person/entity record

7.2 Service Restrictions

The following information must be recorded when an AML Specialist is withdrawing services for a member.

7.2.1 DNA Restriction

A person restriction must be placed on the membership outlining each service restriction that has been applied to the membership

Examples:

- 10-day holds required on all non-cash deposits, no exceptions
- Incoming and outgoing wire transfers are fully restricted

- Source of funds and purpose of payment required on all deposits regardless of the amount or fund type

** Please note that multiple restrictions of the same type cannot be applied on the same day. To apply more than one restriction within a single day, an alternative restriction type must be selected. Otherwise, the AML Specialist should schedule a follow-up to apply the additional restriction on the following business day.

7.2.1.1 Adding a Restriction Process

In the banking system, from the member's relationship screen, the following steps can be completed to add a restriction:

11. Open member's Relationship Profile Screen

12. Proceed to the Edit Person Screen

a. Edit → Edit Person

13. From the edit person screen navigate to:

a. Additional → Restrictions

14. From the Restrictions screen

a. Click **Query** to view all active restrictions

b. Click **Create** to create a new restriction

c. In the **Create/Edit Restrictions** section

i. Type – will prepopulate to “Warning Flag”

ii. Description – select the appropriate option from the drop downs available Ex:

1. General Account Restriction

a. Used to indicate general restriction is being applied to the account outlining that service restrictions are in place and to contact the AML Compliance Department or branch manager with any escalations

2. Hold Verify Funds

a. Used when SOF or Purpose of payment is to be collected for deposits, or if an extended hold period is required for deposits

3. Know Your Member

a. Used if KYM information is required to be updated

4. Documentation Required

- a. Used if member documentation is missing and/or is required to be updated
- 5. Account Frozen – No Activity
 - a. Used if account is fully frozen from all activity. This restriction will fully restrict all credit and debit transactions
- 6. Member to see Branch Officer
 - a. Used if the member must be referred to a branch manager or senior staff member when they attend the branch
- iii. Effective Date – will prepopulate to current date
- iv. Release date – if the restriction will expire at a certain date this can be indicated here. If the restriction does not expire, leave blank.
- d. Once complete, click **Process**
- e. New restriction will now show in the Restrictions section
- f. Highlight new restriction by clicking on it
- g. Click **Notes** to add the applicable restriction note
 - i. In the Notes screen click **Create**
 - 1. Note Class – Select **Note**
 - 2. Sub Class:
 - a. Warning Flag – used for all notes except lockout/account frozen
 - b. Lockout Flag – if the account is fully frozen the lockout flag must be used
 - 3. Note Text - enter the applicable restriction note as outlined in the [DNA Restriction](#) section above
 - 4. Inactive Date - if the restriction note will expire at a certain date this can be indicated here. If the restriction does not expire, leave blank.
 - ii. Click **Process** to add the note to the restriction
- h. The restriction will now be added to the member's profile in the banking system

7.2.2 CRM Note

“A Withdrawal of Services Letter, signed by either the Branch or Regional Manager, was mailed on XXXDATE and is uploaded to the member file for reference. The following service restrictions have been applied to the membership and account activity: < listing of account service restrictions>. Direct any inquiries to the Branch or Regional Manager/AVP, or AML Compliance”

7.2.2.1 Creating a CRM Note

- 15. Open CRM - [Tier 1 Dashboard - Dynamics 365](#)
- 16. In the lefthand taskbar under Members click **Member Search**

17. Select **Personal** or **Organizational** depending on the type of membership
18. Enter the member number in the **Member Number** field
19. Click **Search**
20. Click on the appropriate member profile to navigate to their 360 person/entity record
21. From the 360 record click **Collaboration**
22. Under **Timeline** click on the text box to Enter a Note
23. Type the appropriate note outlining the Service Restriction process in progress.
24. Click **Add note and close** to save the note to the person/entity record

8 Sunflower Update

The following steps must be completed to ensure notes and documentation are recorded appropriately in Sunflower.

8.1 Sunflower Note

Within the Sunflower application, under the member's profile, the AML Specialist must add a note summarizing why the withdrawal of services was conducted, the measures taken (closure/restrictions), and any applicable dates.

Example of note:

"A withdrawal of services recommendation was approved by <BM or RM> on <Date> due to the member's account activity exceeding the Credit Union's risk tolerance. Specifically, the member engaged in high-volume cash deposits with unidentified sources of funds, followed by multiple eTransfers to various recipients and requests for official cheques. A formal Withdrawal of Services Letter was sent via registered mail on <Date>, accounts to be closed by <date>."

Log into Navaera, select Sunflower Application:

- From home screen enter Person Number in the search bar:
 - **PERS_DXXX (ISCU/Beem Person Number)**
 - **Note – all Sunflower notes should be added under the Beem PERS/ORG record**
 - PERS_NXXX (NP Person Number)
 - PERS_XXX (Gulf and Fraser personal Number)
- Select Member from list
- Select Details tab
- Select Notes from dropdown
- Enter a detailed summary including:
 - What services restrictions are being placed
 - Date letter mailed to member
 - Date of account closure, if applicable
 - Reasons for withdrawal of services being conducted

- Click Add Note

8.2 Sunflower Documents

Any documents that were completed and contributed to the decision to withdraw services should be uploaded to Sunflower.

A copy of the Account Closure or Withdrawal of Services Letter must be uploaded to Sunflower.

Log into Navaera, select Sunflower Application:

- From home screen enter Person Number in the search bar:
 - **PERS_DXXX (ISCU/Beem Person Number)**
 - **Note – all Sunflower notes should be added under the Beem PERS/ORG record**
 - PERS_NXXX (NP Person Number)
 - PERS_XXX (Gulf and Fraser personal Number)
- Select Member from list
- Select Details tab
- Select Docs from dropdown
- Click Add Document
 - Document name – title of what the document is
 - Document description – description of what the document is
 - Choose File – upload the document you are wanting to add
- Click Save Changes

9 Follow Up at Closure Date

The AML Specialist who completed the Withdrawal of Services or Account Closure is responsible for the follow up and actioning of the account closure. The AML Specialist will ensure they diarize to follow up at the date of the closure.

9.1 Diarize/Create Alert

The AML Specialist will diarize to follow up on the date of the account closure.

On the date of the account closure, the AML Specialist will review the banking system to check the status of the account(s)

- If the account has been closed by the member, no further action required.
 - If a final EDD review or STR is required, the AML Specialist will complete as necessary. Refer to [Beem - AML Compliance Admin - Ongoing Monitoring and Enhanced Due Diligence Guidelines & Procedures.pdf](#)
- If the account has not been closed out by the member, proceed to [account closure steps](#).

10 Account Closure & Final Letter

If the account has not been closed by the member by the date outlined in the account closure letter, the following process will be followed based on legacy branch:

10.1 Prepare and Send Letter to Branch Management

1. Prepare the [Account Closure Letter - Final Closure](#) letter. Send the letter via email to the appropriate Branch Manager.
2. Advise the Branch Manager to complete the following:
 - a. Close out all accounts named in the Account Closure Letter
 - i. **NOTE **** Member Shares are to remain open with the applicable balance
 - b. Deactivate online banking and MemberCard access, if applicable
 - c. Issue an official cheque for the balance of the accounts, less any service charges including the OC fee and any monthly service fees prorated, and mail the draft along with the Final Closure Letter via **registered mail** to the address on file for the member
 - d. If there are not enough funds in the account to issue an official cheque, advise the Branch Manager to write off the remaining balance to the appropriate GL
 - e. Advise the Branch Manager to send the signed Letter via **registered** mail or arrange for courier delivery
 - f. Advise the Branch Manager to upload a copy of the signed Final Closure Letter and the registered mail tracking receipt to the Member file within the ECM
 - g. Request the Branch Manager confirm with the AML Compliance Team when the letter has been mailed.
3. Update the restriction in the banking system:
 - a. *"Accounts closed by Credit Union, DO NOT OPEN any new accounts, no transactions or services allowed, NO EXCEPTION, as Withdrawal of Services has been completed"*
4. Add applicable notes to member profile in Sunflower
 - a. "Accounts for XXX Member have been closed as outlined in the withdrawal of service letter in the member's Documents in Sunflower. Ongoing monitoring will continue on a regular basis as required"
 - i. See [Sunflower Notes](#) section for instructions on adding notes

11 Ongoing Monitoring & EDD Tracking

If a high-risk membership has been closed, the Credit Union must continue to conduct ongoing monitoring to ensure that no accounts are reopened for the individual. To track the ongoing monitoring, the following must be completed by the AML Specialist.

11.1 Add to EDD Tracker

To ensure that appropriate ongoing monitoring is conducted, the AML Specialist will add the membership as required to the following tracker:

[DEPT- Compliance - AML - High-Risk EDD and Ongoing Monitoring Tracker](#)

If membership was closed and no accounts remain open, indicate in Membership Status:

Account Closed (De-Marketed)

Refer to the [Beem - AML Compliance Admin - Ongoing Monitoring and Enhanced Due Diligence Guidelines & Procedures](#) for ongoing monitoring requirements for closed high-risk members.

12 Returned Withdrawal of Services/Closure Letters

The following process should be followed if a Withdrawal of Services or Account Closure letter is returned undelivered.

Best efforts should be taken by the branch to contact the member using the current phone number to obtain updated mailing address. The Branch must notify the AML Compliance Department whether successful or not in contacting the member. If contact cannot be made the following is to be completed.

12.1 Closure & Account Does Not Have Balance Remaining

If the member cannot be contacted and an updated address cannot be obtained, the following steps will be completed:

1. Continue with [Account Closure](#) steps outlined above with the following change:
 - a. Final Closure Letter is to be uploaded to Nautilus for future reference, no requirement to mail final closure letter.

12.2 Closure or Restriction of Service & Account Has Balance Remaining

If the member cannot be contacted and an updated address cannot be obtained, the following steps will be completed:

1. AML Compliance will:
 - a. freeze the account by placing a lockout restriction on each account.
 - i. Add the following restriction to each lockout restriction:
 - *"Withdrawal of Services is in progress – letter was mailed to member and returned to the Credit Union due to incorrect address. Debit card and online services have been disabled, and the balance of the account will remain frozen"*

until an updated address is obtained. Once an updated address is obtained staff must notify AML Compliance to obtain further instructions.”

- b. Deactivate the member’s online banking and MemberCard access.
- c. Add note in CRM
 - i. *“Withdrawal of Services is in progress – letter was mailed to member and returned to the Credit Union due to incorrect address. MemberCard and online services have been disabled, and the balance of the account will remain frozen until an updated address is obtained. Once an updated address is obtained, notify the AML Compliance Department for further instructions.”*
 - 1. See [Creating a CRM Note](#) for instructions on adding a note
- d. Add applicable notes to member profile in Sunflower
- e. “Account Closure/Restriction of Service Letter returned to CU. Account activity frozen, online banking and/or member direct access deactivated. Restriction placed on membership to obtain updated address if the member contacts the Credit Union to proceed with closing accounts. Ongoing monitoring will continue on a regular basis as required”
 - i. See [Sunflower Notes](#) section for instructions on adding notes
